A Global Power Leader

Cummins powers the future with products and services that improve people's lives.

The global company is focused on bringing the right technology solutions at the right time to its markets, providing the most efficient, high-performing and most reliable technologies available, from diesel to natural gas to hybrid, to electric and other technologies currently under development and evaluation.

Today, it's more important than ever that the products Cummins provides its customers not only fuel their success, but also reduce the environmental impact on communities.

Powering Your Life

Cummins works to make people's lives better all day, every day. And we try to do it with the least environmental impact possible.

HOSPITALS & SCHOOLS

Our generators provide backup power to schools, hospitals and any facility that must remain online in an emergency.

PASSENGER TRAINS

We power trains around the world that move people to work, school and other activities.

GENERATORS

We also makes home and light commercial generators that provide power when you need it most.

SCHOOL BUSES

Our diesel and natural gas engines and fully electric drivetrains power school buses that move millions of children across the United States.

COMPUTER SERVERS

Our generators provide dependable backup power to the computer servers you rely on at work, school and home.

MUNICIPAL BUSES

Our engines and electric drivetrains also power buses in cities around the world from Washington, D.C. to Beijing, China.

TUG BOATS & OTHER VESSELS

Our marine engines power the tug boats that help get freighters carrying a host of goods into port.

TRUCKS

Our engines power trucks that haul the critical goods that keep the economy running.

Global Reach

MANUFACTURING

Cummins manufacturing operations take place around the world, including major manufacturing facilities in the United States, Australia, Brazil, China, France, Germany, India, Mexico, Nigeria, Romania, South Africa, South Korea, Turkey and the United Kingdom.

DISTRIBUTION NETWORK

We serve customers through our network of 500 company-owned and independent distributor facilities and more than 7,600 dealer locations in more than 190 countries and territories.

EXPORT SALES

Cummins had U.S. export sales worldwide of \$2.14 billion in 2016. The top eight buyers of our products are:

- | | | | |
|-----------|-------------------|------------|--------------|
| 1. Mexico | 3. Australia | 5. China | 7. Japan |
| 2. Canada | 4. United Kingdom | 6. Belgium | 8. Singapore |

Did You Know?

While we're perhaps best known for diesel truck engines, Cummins generators provide backup power for landmarks like the Statue of Liberty and Wrigley Field. We also power items ranging from the iconic London Routemaster bus to the cutting-edge Charger Locomotive.
