

*Power Up with
Cummins **TRUSTART** Battery
for Heavy Duty Applications*

**FOR
A WORLD
THAT'S
ALWAYS ON™**

Empower Your Every Start

Designed for heavy-duty applications, Trustart Battery is ultra-low maintenance, built to withstand extreme climates. Count on reliable starting capability every time, ensuring uninterrupted performance. Cummins Trustart Battery provides exceptional reliability and unleashes the machinery's potential in demanding environments.

Features and Benefits

- **Charge Eye** - Unique acid level indicator which eliminates the need to open the service plugs
- **BIC Vents** - To reduce acid loss
- **Ultra Low Maintenance** - Very low topping frequency
- **Higher CCA** - Radial grid design offers higher CCA for quick starting
- **Rugged Construction** - Ribbed container resists shock and vibration damage and withstands high temperature, making it truly suitable for the extreme conditions
- **Special Hybrid Alloy System** - Minimizes water loss thus promoting long service life
- **Factory Filled and Charged** - For immediate fitment
